

Oral Cancer Committee Meeting #3

September 11, 2002, 9-11am

Johns Hopkins Ross Research Bldg, Room 803

⇒ Introductions and announcements

- Ilise Marrazzo provided a brief summary of the evaluation forms filled out after the last meeting.
- Kate Shockley announced the upcoming Consensus Conference to be held October 16, 2002.
- The committee discussed the next round of Town Hall meetings, and several members indicated that they like the idea of holding targeted focus groups in an effort to reach the target population.

⇒ Discussion of goals and recommendations

- Discussion regarding the idea of instituting a fee for an oral cancer exam.
- Discussion regarding public education strategies and the need to identify targeted populations such as edentulous populations.
- Discussion of the proceedings of the upcoming conference and the role of media at the conference. Suggestion to contact Maryland Public Television and explore other media involvement.

⇒ Refinement of Model for Oral Cancer in Maryland

- The group generated a basic model for oral cancer in Maryland and then refined various sections throughout the discussion. (see attached)

⇒ Next meeting

- The next meeting will be held September 25, 2002, 9-11am, same location.
